REIMBURSEMENT OF GRANT IN AID

1. Refer to discussions held in your office on 03 Jan 2012 regarding refund of unutilised amount vide this office letter of even number dated 22 Nov 2011.

2. The issue of financial impropriety was reported in May 2005 by Cmde (Retd) AS Bajwa, the then HSG of the federation. The basic nature of the offences mostly concerned over-invoicing of coach boat, fuel and transportation charges by teams, as well as excess claim of DA during international participation, details of which have been mentioned in the above quoted letter.

3. However, by the time a YAI committee could be constituted to look into these allegations, the finalised audited accounts for these events had already been submitted to the MoYAS for final settlement which were duly approved by the Ministry and balance of Grant in Aid disbursed. Consequent to the inquiry and the decisions taken by the appointed YAI Committees, recoveries were affected from the concerned yachtspersons. Amounts deemed to be incorrectly claimed were returned to the MoYAS vide the letter quoted above.
